

Glasswashing detergent with oxipower

F 40

Liquid detergent, gentle on decorations, with odour-neutral ingredients, specially for removing coffee and tea stains

AREA OF APPLICATION:

- Suitable for professional glasswashing machines.
- Suitable for all types of drinking glasses.
- Suitable for all types of glass, including decorated.
- Reliably removes remnants of juices, beer, wine, sparkling wine, cocktails and soft drinks as well as slightly dried-on coffee and tea stains.
- Suitable for all types of drinking glasses.
- Effectively remove lipstick and other greasy residue.
- Especially suitable for demineralised and soft water.

For perfect cleaning results, we recommend using the Winterhalter system with an appropriate warewasher, water treatment and rinse aids.

PRODUCT ADVANTAGES:

- Entfernt Farb- und Gerbstoffe ohne Geruchsbildung
- Geruchsneutrales Hochkonzentrat
- Sehr gute Reinigungsleistung
- Sehr gute Glas- und Dekorschonung
- Mit Glaskorrosionsschutz
- Sichert Bierschaumstabilität

P304+ P340	IF INHALED: Remove person to fresh air and keep comfortable for breathing.
P310	Immediately call a POISON CENTER/doctor.
P501	Disposal in accordance with local regulations.
EUH206	Warning! Do not use together with other products. May release dangerous gases (chlorine).

DISPOSAL OF EMPTY PACKAGING:

- Completely emptied packaging is recyclable and can be disposed of by the end user through the DSD (Duales System Deutschland GmbH).
- Information on disposal of product residues can be found in the safety data sheet.

IMPORTANT:

- Product is not intended for the general public. For commercial use only!
- Storage and transport permissible only in original packaging in upright position. Do not expose to direct sunlight. Protect from freezing.
- F 40 can be used in connection with all customary rinse aids for commercial glasswashing machines and is suitable for the food sector.
- Containers, pipes and dosing equipment should be rinsed with fresh water before changing products. A filling funnel (60 005 163) for safe and exact filling of the built-in detergent container in Winterhalter-UC-models is available. To avoid con fusion, F 40 may only be filled in containers marked detergent.
- Containers, pipes and dosing equipment should be rinsed with fresh water before changing product.
- Never mix with other products and do not refill in other containers, bottles etc.!
- Colour variations in the product are caused by raw materials and storage and do not affect quality.
- The washing parameters should be kept in accordance with the DIN guidelines (DIN 10510 to 10512 and DIN 10522). Information of Working Party of Commercial Dishwashing should be kept in mind. In context refer to: www.akggs.de
- To ensure that your dishwasher functions durably and reliably, all filters should be cleaned at end of operation after the self-cleaning programme has ended. Leave the machine open slightly so the interior can dry and in order to build up corrosion protection.
- For cleaning and maintaining the stainless steel coverings of the machine we recommend Winterhalter C 122 grease solvent and Winterhalter C 162 aerosol stainless steel polish.
- You will find this product's safety data sheet, technical data sheet and sample operating instructions on our homepage at www.winterhalter.biz
